- 474 **Amarone della Valpolicella “Senza Titolo”, Veneto, 2007** **395**
Blend of Corvina e Corvinone 70%, Rondinella 10%, Oseleta 10%, Croatina, 3% other. This wine is born from the idea of producing the Amarone in as most natural and traditional way as possible, starting first from an obsessive grapes selection. The second selection is done at the moment of pressing, after 100 days from the harvest, when four or five people discard the single grape if not perfectly healthy. The soft pressing done by feet, leave the dry stems in to have some more tannins and the fermentation is with indigenous yeasts at not controlled temperature in an oak conical fermenting vat. We do daily “follature” by hand until the natural slowdown of natural fermentation in a few months. This wine rests at least 3 years in a not toasted barrel of 700l. It is not filtered, not clarified. The barrel is only washed twice in 3 years.
